The Historical Context of the Jewish New Testament

The Jewish New Testament was conceived and initiated by Dr. David H. Stern, a renowned Jewish scholar and author. Driven by his deep understanding of both Judaism and Christianity, Dr. Stern embarked on a mission to translate the New Testament back into its original Jewish context.

The resulting work, the Jewish New Testament, was published in 1992 and has since gained recognition as a valuable resource for scholars and students of both Jewish and Christian faiths.

Exploring the Greek and Aramaic Texts

The Jewish New Testament is not merely a translation but an intricate re-examination of the original Greek and Aramaic texts. Dr. Stern meticulously

compared these texts, considering their idioms, syntax, and cultural nuances.

His analysis led him to propose numerous textual emendations, or suggested changes, which are presented alongside the traditional renderings. These emendations aim to restore the original meaning and intent of the biblical passages, providing readers with a deeper understanding of the New Testament.

Theological Insights and Interpretation

In addition to textual analysis, the Jewish New Testament offers insightful commentaries on each book of the New Testament. Dr. Stern's scholarship shines through as he explores the theological implications of the Greek and Aramaic texts.

He examines the Jewish background of Jesus and his disciples, unraveling the first-century Jewish beliefs and practices that shaped their teachings. Furthermore, Dr. Stern provides a unique perspective on the relationship between Judaism and Christianity, bridging the historical gap between the two faiths.

The Significance of the Companion Volume

The companion volume to the Jewish New Testament is an essential companion for those seeking a comprehensive understanding of this groundbreaking work. It not only provides background information but also engages in critical analysis, supporting and enriching the original text.

The companion volume includes:

- A comprehensive to the Jewish New Testament, its history, and its significance.
- Detailed annotations and textual notes, providing additional insights into the Greek and Aramaic texts.
- Exegetical essays that explore key theological themes and concepts, shedding light on the Jewish context of the New Testament.
- A comprehensive index and bibliography, facilitating further research and study.

The Companion Volume to the Jewish New Testament is an indispensable resource for those delving into the fascinating world of the Jewish New Testament. It provides a deeper understanding of the original texts, the theological insights they offer, and the historical context that shaped them.

Through its meticulous analysis and engaging commentaries, the companion volume empowers readers to navigate the complexities of the Jewish New Testament, uncovering its hidden truths and enriching their understanding of the Christian faith and its Jewish roots.

Whether you are a scholar, student, or simply curious about the historical and theological relationship between Judaism and Christianity, the Companion Volume to the Jewish New Testament is an invaluable guide that will illuminate your path of exploration and discovery.
