Pedaling Through Time and Space

The journey begins in Istanbul, Turkey, where Byrne embarks on a solitary cycling odyssey. As his wheels turn, the city's vibrant streets and historical landmarks become a backdrop for his introspections. Pedaling through time and space, he explores the interplay between the past and present, the familiar and the foreign. The bicycle, a humble yet potent symbol of freedom and exploration, becomes his confidant, carrying him through landscapes both physical and emotional.
