

Nightfall: The Kingfall Histories Explores the Dark Side of Myth

In A.G. Slatter's *Nightfall: The Kingfall Histories*, myths and legends are not always what they seem. The stories we tell ourselves about heroes and villains are often just that—stories. The truth is often much darker and more complicated.

Nightfall is a collection of four novellas that explore the dark side of myth. Each story is set in a different world, but they are all connected by a common thread: the cost of heroism.
