

# Saved By The Sea: An Unforgettable Journey of Triumph Over Adversity

I am standing at the sea shore.  
A ship sails and spreads her white sails to the morning breeze  
and starts for the ocean.

She is an object of beauty, and I stand watching her  
till at last she fades in the horizon.

Blaise Pascal

And someone at my side says, "She is gone,"  
Gone where? Gone from my sight, that is all.

She is just as large in the masts, hull and spars as she was when I saw her  
and just as able to bear her load of living freight to its destination.  
The diminished size and total loss of sight is in me, not in her.

And just at the moment when someone at my side said, "She is gone,"  
there are others who are watching her coming,  
and other voices take up a glad shout, "There she comes!"  
And that is dying.
